### Montreux Document Forum (MDF)

The Montreux Document Forum (MDF) provides a platform for Montreux Document (MD) participants to address challenges, share good practices, and discuss international legal obligations regarding the regulation of private military and security companies. The MDF supports outreach and implementation of the Montreux Document. The MDF is co-chaired by Switzerland and the International Committee of the Red Cross, with the support of DCAF as the Secretariat. Please find more information and access to the Montreux Document itself in our 'Private Security Providers' section here.
